interzum forum italy: New event makes its debut in June 2024

Koelnmesse announces a new biennial event for the furniture production and interior design industry with interzum forum italy

The interzum forum italy presents an inspiring congress format with an accompanying exhibition area specifically tailored to Italy and its neighbouring countries, but also to other major European markets. The innovative format will be hosted on 6 and 7 June 2024 at the Fiera di Bergamo trade fair grounds in Bergamo, Italy.

The event's concept focuses on a rich two-day programme of high-calibre lectures, which will offer deep insights into the latest trends, the most interesting innovations and current market developments. The congress format will be accompanied by an exhibition focusing on the interzum product segments such as offices, upholstery and textile machinery as well as surfaces and fittings. "The interzum forum is an ideal platform for the Italian market, one of the most important markets in the industry. Many of the central questions of the industry considering the requirements of the Italian market can and will find new solutions here in the competition of ideas and innovations", says Matthias Pollmann, Vice President of Koelnmesse.

"This broad set of lectures, networking and business opportunities, combined with workshops and matchmaking, will make interzum forum italy the ideal place to discuss current industry trends. The event will provide the perfect forum for shaping the innovations that are driving rapid transformation in the markets and having a significant impact on production chains and the skills required for the furniture production and interior design sectors", says Thomas Rosolia, Managing Director of Koelnmesse Italia.

"interzum 2023 in Cologne has demonstrated the importance of being closer to companies by creating opportunities for discussion and providing an in-depth analysis of key topics for the industry", adds Thomas Rosolia. "We are now responding to the industry's need for a streamlined and visitor-friendly format in Italy as one of the major furniture-producing countries in Europe. In the years when interzum is not hosted in Cologne, we will offer industry professionals a mix of a congress with current, high-level topics and an exhibition section."

interzum forum italy has chosen the Fiera di Bergamo trade fair grounds, as it is an already well-established exhibition complex, strategically located in the heart of Lombardy with excellent infrastructure connections. Travelling to and from the fair grounds is easy and convenient, allowing attendees to get the most out of the two days of the event and to focus their energies on the business opportunities that will be generated.

interzum forum italy is designed for all the sectors linked to furniture production and interior design. It is aimed at a broad spectrum of manufacturers, specialist retailers, architects, interior designers, decorators, contractors and consultants. The event will offer them outstanding content and an innovative format that enhances the congress element. It will be held in even years starting from June 2024, in synergy with interzum in Cologne, which is hosted on a regular schedule in odd years.

Koelnmesse - Global Inspiration for Living, Contract and Public Spaces

Koelnmesse is the world's top trade fair organiser for the fields of living, contract and public spaces.

At the trade fair hub of Cologne, in addition to imm cologne and interzum, other trade fair formats such as LivingKitchen, ORGATEC, spoga+gafa, FSB and aquanale are among the internationally renowned and established industry gatherings.

These fairs comprehensively represent the interior and design segment, suppliers to the furniture and interior construction industries, the kitchen world, all topics for the modern working world, garden lifestyle as well as public spaces, sports and leisure facilities as well as sauna, pool and ambience.

In addition to the events in Cologne, Koelnmesse is strategically expanding its portfolio in key growth markets around the globe, for instance with the successful shows ORGATEC TOKYO in Japan, interzum bogota in Colombia and interzum guangzhou in China.
